

This is the newest Bin Laden „Most Wanted“ Poster from the Pentagon:

which I found in the german news.

Fantastic, eh? If you look a little closer there are some anomalies. Besides the russian like fighter jets and the same old “evil looking man” Bin Laden picture.

What’s up with the Cruise Missile? If this picture should connect Bin Laden to his crimes, when did he used cruise missiles to attack this enemies? Anyone?

Or is this an attempt to make fun on us “conspiracy theorists”, like Donalds Rumsfeld back in 2001? All of us who never saw any hint that a Boeing hit the Pentagon? Neither in the last video, the Sheraton tapes? Nor in any other video?

Here we're talking about plastic knives and using an American Airlines flight filled with our citizens, and the missile to damage this building [the Pentagon!] and similar (inaudible) that damaged the World Trade Center.

Donald Rumsfeld

Besides that, what appears to hit the WTC in the picture is clearly a **Boeing 747**, a so called Jumbo Jet. It has a characteristically curve-line on the top, marking the extra top-deck.

But the WTC was hit by two Boeing 767, as they told us. With a straight top line. What's up with this? Another anomalie? A little hint from the Pentagon?

If we listen to the very ill scapegoat Moussaoui, maybe we'll get a clue?

page 28, line 7 and following:

"I ask the government to point out to me a single paragraph where they say I'm specifically guilty of 911...

because the government had said that there is a broader conspiracy to use airplane as weapon of mass destruction.

If that's absolutely correct, that I came to the United States of America to be part, okay, of a conspiracy to use airplane as a weapon of mass destruction, I was being trained on the 747 400 to eventually use this plane as stated in this statement of fact to strike the White House, but this conspiracy was a different conspiracy that 9/11.

My conspiracy has for aim to free Sheikh Omar Abdel Rahman, Sheik Omar Abdel Rahman, the blind sheikh, who is held in Florence, Colorado, okay, and we wanted to use the 747 because it, it is a long-distance plane who could reach Afghanistan without any stopover to give a chance to special forces to storm the plane.

So I am guilty of a broad conspiracy to use weapon of mass destruction to hit the White House if the American government refuse to negotiate, okay."

So any chance they knew there were some Arabs in the US who tried to press free the Blind Sheik and hijacked this plan to have scapegoats? You bet.

So what's up with all this? Do they try to make fun on us, "conspiracy theorists"? Or are they careful not to involve real evidence to the case of 911, if sometimes in the future a court will look after evidence for an Osama indictment?.

In either case. What jerks.
